

FireShield Modular Double Fire Extinguisher Trolley with Backboard

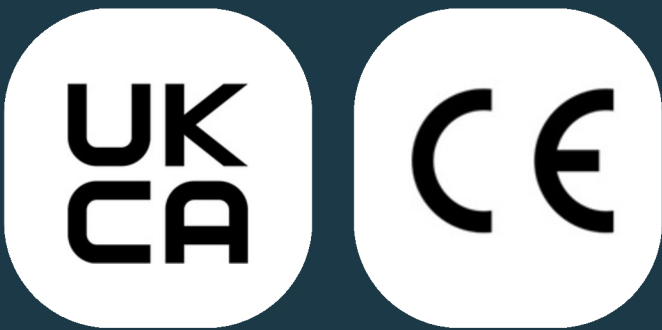

Product Specification Sheet

FireShield

Key Features

- Easy to assemble with click into place design
- Removable wheels for disassembly
- Holds two extinguishers
- Built in board to host signage
- Protected design
- Bright, lightweight and easy to spot on site
- Arrives flat packed for easy transportation and storage

The FireShield Modular Double Trolley is a flat-pack, mobile unit for storing and transporting two fire extinguishers. It assembles easily with a "click into place" design and features removable wheels for quick disassembly.

With a built-in backboard for signage, it's lightweight, durable, and highly visible. Ideal for construction sites, petrol stations, warehouses, holiday parks, and event venues.
