FireShield X Alert Extinguisher Mount Alarm

Product Specification Sheet

FireShield

Key Features

- Powerful 100dB alarm

- 12 bright SMD LEDs for high visibility

- Deters tampering and vandalism effectively

- Predrilled holes for fast, hassle-free installation

- Silent maintenance mode key switch

- Wide base distributes extinguisher weight evenly

- Integrated spirit level for quick, precise installation

- Interchangeable brackets for flexible mounting

- Tough ABS and polycarbonate construction

The FireShield X-Alert is an innovative extinguisher mount that combines a wide-base backboard for stable weight distribution with a built-in anti-theft alarm. It features 12 ultra-bright SMD LEDs and a loud 100dB siren, triggered when the extinguisher is removed.

The X-Alert uses no power in standby and sounds continuously for up to 6 hours once activated. The alarm can be reset by replacing the extinguisher or using the integrated master key.

Technical Specifications

Specifications	FPS/XALERTR	FPS/XALERTW
Colour	Red	White
Power Source	9v PP3 Battery	9v PP3 Battery
Height	360mm	360mm
